

**DECREE**  
on determining tariff quotas for 1996 in accordance with the General Agreement on  
Tariffs and Trade

**Article 1**

For goods listed in the annex, a customs duty and a specific duty are paid at the level determined in the annex. The annex is an integral part of this decree.

**Article 2**

Quantities of goods within individual quota are allocated by the Ministry of Economic Relations and Development on the proposal of a commission composed of two representatives of the Ministry of Economic Relations and Development and one member each from, respectively, the Ministry of Agriculture, Forestry and Food, the Ministry of Finance, the Association of Commerce and the Association of Agricultural Foodstuffs within the Slovene Chamber of Commerce.

The commission is convened and headed by the chairman of the commission, appointed from representatives of the Ministry of Economic Relations and Development by the Minister of Economic Relations and Development.

The commission adopts criteria for the formation of proposals on the allocation of quantities within quotas as well as a statute on its operation.

**Article 3**

Applications for obtaining a certain quantity of goods within individual quota can be filed by a legal person or by an individual sole proprietor based in, or with permanent residence in, the Republic of Slovenia (hereinafter: the applicant). The application should be filed with the Ministry of Economic Relations and Development no later than 21 days after the entry into force of this decree.

Applications from the previous paragraph must contain the following data:

- the company name, registration number and full address of the applicant and of the user of goods, if the applicant is not the user,
- nine-digit customs tariff code for each item of goods
- description of goods according to combined nomenclature of the customs tariff,
- quantities of goods, expressed in units of measure defined in the annex,
- data on production or sales and warehouse facilities,
- data on the import of the same goods in the past year.

Ministry of Economic Relations and Development issues a decision on allocation of certain quantity of goods within individual tariff quota to an applicant. The decision also includes a deadline for the import of allocated goods in accordance with Article 1 of this decree.

The Ministry of Economic Relations and Development may also gradually allocate quantities within individual tariff quota, taking into account the market situation for the concerned goods, however the quota must be entirely allocated at least two months before the end of a year.

#### Article 4

The Customs Administration of the Republic of Slovenia monitors the realization of imports under decisions referred to in the third paragraph of Article 3 of this decree and reports about this on a quarterly basis to the Ministry of Economic Relations and Development.

The Minister of Economic Relations and Development issues a regulation in which he publishes the extent of the quotas which have not been allocated or for which the import has not yet been carried out or has only been partially carried out.

#### Article 5

Upon importing goods falling within the provisions of this decree, the customs officer enters the four-digit code "5002" into the field 39 of the Single Administration Document (SAD), in accordance with Article 25 of the regulation on the use of documents in customs proceedings (Official Gazette of the Republic of Slovenia, no. 56/95).

#### Article 6

This decree enters into force on 1 January 1996.
