(4) In a prosecution for an offence under section 20 for contravening subsection (2) concerning an advertisement of a kind mentioned in subsection (1)(b), the advertisement is taken to be false as to the relevant matter in that subsection unless evidence is adduced by the defendant to the contrary.

- (a) have the effect that, merely because such evidence to the contrary is adduced, the advertisement is not false as to the relevant matter in subsection (1)(b); or
- (b) have the effect of placing on any person the onus of proving that the advertisement is not false as to the relevant matter in subsection (1)(b).

(6) Without affecting section 32, in any proceedings for an offence under section 20 in relation to the publication of an advertisement in contravention of subsection (2), it is a defence to the charge for the defendant to prove, on a balance of probabilities —

(a) that —

- (i) the defendant was acting in the course of a business of delivering, transmitting or broadcasting communications (in whatever form or by whatever means) or making data available; and
- (ii) the nature of the business is such that persons undertaking it have no control over the nature or content of the communications or data; or

(b) that the defendant —

- (i) carried on the business of publishing or arranging for the publication of advertisements; and
- (ii) published or arranged for the publication of the advertisement in question in the ordinary course of that business.

(7) However, subsection (6) does not apply if the defendant concerned —

- (a) ought reasonably to have known that the publication of the advertisement was an offence under this Part;
- (b) had previously been informed in writing by or on behalf of the Authority that publication of such an advertisement would constitute an offence under this Part; or
- (c) is the proprietor of a food business or is otherwise engaged in the conduct of a food business for which the advertisements concerned were published.
